

Women Endowing Education (W.E.E.), is a sub-group of the Blue Springs Education Foundation. The concept of this group is to bring together a number of influential women in the area who, by donating a small amount individually, can make a significant impact on education together. According to the Greater Kansas City Community Foundation, W.E.E. is the first education foundation giving circle to their knowledge.

By joining W.E.E., a woman can be as involved as she would like. It could be as simple as attending our social hour and enjoying new friendships, or you may become more involved by serving on a committee that reviews and recommends the projects for consideration.

We will combine our annual donation of \$300 from 100 members totaling \$30,000 to fund a worthy project in the Blue Springs School District. In the process we will learn more about the Blue Springs Schools and help sustain the district through our collective high-impact gift.

The W.E.E. group is a part of the Blue Springs Education Foundation. All funds are invested with the Greater Kansas City Community Foundation. All donations to W.E.E. and/or the Blue Springs Education Foundation are tax-deductible and can be paid by check or credit card.

We are excited about the potential for this group of area women. With the major cuts in local, state, and federal education funding, it is the perfect time for us to become involved in keeping education strong.

For more information on how to join Women Endowing Education, please contact Katherine Barton at [kbarton@bssd.net](mailto:kbarton@bssd.net).
